

JUNE Gardening Calendar

- 🐞 *Broadcast Dr. T's* around outdoor areas to eliminate mosquitoes
- 🐞 Achieve a higher level of pest control with regular releases of *ladybugs*
- 🐞 Maximize flowering by feeding all blooming plants with **Magical Mix** (equal parts of *Landscape Essentials* and *Color Essentials*)
- 🐞 Apply beneficial nematodes to *control grubworms, fleas, and chinch bugs*
- 🐞 Continue to release trichogramma wasps for *webworm control*
- 🐞 Broadcast fire ant bait to control *fire ants*
- 🐞 *Watch for young grasshoppers* and apply *Semaspore Bait* for control
- 🐞 *Apply mulch* around perennials, shrubs, and trees *to cool the soil and conserve water*
- 🐞 *Plant summertime annuals*
- 🐞 *Offer fresh water for songbirds and other animals*
- 🐞 *Harvest* okra, squash, and beans for continued production
- 🐞 Strengthen plants and prevent spider mites by *spraying liquid seaweed/molasses* every two weeks
- 🐞 Mow your lawn regularly *for continued weed control*
- 🐞 *Watch for lightning bugs on warm summer evenings*
